

OUR POLICY

The principle of Savera Eva Elevator, engaged in the activities of "**Design, Manufacturing, and Sales of Elevators and Mechanical Systems**" is to exceed the expectations of customers, employees, institutions receiving services and products, and other social stakeholders. The company derives its strength from a trained and continuously developing human resource. It has set the vision to bring future technologies to Turkey.

Our Values:

- Our employees are our most valuable assets; their personal and professional development is important for our company.
- We strive to create an honest, tolerant, respectful, and dedicated working environment for our employees within a team spirit, focused on continuous education, development, and improvement.
- We believe in the continuity of learning, improvement, and change.
- In our activities, we embrace a data-driven, process-oriented approach and recognize the importance of human resources.
- We adopt and implement transparency, consistency, and accessible leadership in management.
- Our goal is to involve all our employees and accomplish all tasks correctly and on time, every time.
- We make maximum efforts to be beneficial to society, the natural environment, and humanity.
- We provide quality services that meet customer demands and expectations, enhancing customer satisfaction by providing pre- and post-sales support.
- We contribute to a sustainable environment by reducing natural resource consumption and minimizing waste and pollution.
- We work to ensure the compliance of our services with customer demands, national and international standards, and legal regulations, aiming for their continuity.
- We ensure that all employees are informed about the confidentiality of customer and personnel information and carry out activities to maintain the principle of confidentiality.
- Within the framework of our company policy, we aim to ensure the sustainability of the successes we achieve, strive for higher levels, and ensure that our employees see the development of our brand consciousness as a common and primary goal.

OUR SCOPE

In order to reduce our company's dependence on foreign markets and contribute to the national economy, our company is engaged in various activities related to the "**Design, Manufacturing, and Sales of Elevators and Mechanical Systems.**" The production is realized through the knowledge and experience accumulated within our company over the years, supported by well-trained personnel and the dynamic culture within the organization.

To understand the scope of the establishment, an initial PESTC (Political, Economic, Social, Technological, Environmental) analysis was conducted. Considering the expectations of relevant stakeholders along with risks and opportunities, risky areas were identified. Following this, a risk assessment was carried out. Through the SWOT analysis of the organization, strengths and weaknesses were determined, and the scope was defined by outlining the processes to be undertaken.

We manufacture elevator systems, elevator components, cabins, doors, etc., within the following boundaries. Our main office is located at Gençlik Caddesi No.52/A2 Taşdelen 34788 Çekmeköy, ISTANBUL with 1260 square meters of closed area, 300 square meters of open area, and 230 square meters of office space. Our branch is situated at Gençlik Caddesi No.52/B Taşdelen 34788 Çekmeköy, ISTANBUL with 930 square meters of closed area and 170 square meters of office space. Our physical boundaries include an empty land-east, Hz. Ayşe Mosque-west, a factory in the metal industry-south, and residential buildings-north.

Our organization defines the scope of the environmental management system within a specified scope, evaluating activity, products, and services related to controllable, influential, and associated environmental dimensions through a life cycle approach. We consider improving quality, ensuring continuous improvement, and implementing waste management efficiently to minimize pollution, creating awareness regarding environmental sensitivity as our mission. We openly commit to stakeholders and interested parties.
